SHOTGUN SHOOTING

TARGET AND RANGE MERIT BADGES

We believe all youth and adult members should have the opportunity to learn the safe, intelligent handling, care and use of firearms and BB guns.

Your support helps us provide programs that emphasize safety and marksmanship under the direction of trained range officers using nationally approved instructional methods.

In 2025, we helped Scouts from across Maryland, Virginia and Washington D.C. - in the 19 Districts we serve - learn discipline, self-reliance, and sportsmanship.

Our life-changing programs are possible thanks to your partnership and support.
